## DIA - Appointment of new board

The purpose of the Designated Operational Entities and Independent Entities Association (D.I.A.) is to be an independent, not-for-profit organisation dedicated to the development and establishment of effective processes and criteria for and related to the determination and validation and verification of emission reduction and sequestration projects and to represent the members at relevant bodies of the United Nations Framework Convention on Climate Change (UNFCCC) and other Green-house Gas ("GHG") programmes that accept UNFCCC accredited bodies to carry out determination and validation or verification.

The 2012 DIA Annual General Meeting took place May 2012 in Cologne. The election of the 2012/2013 board took place.

**Carbon Check is pleased to announce and congratulate Adam Simcock (CEO) who is now a newly appointed board member for 2012/2013.**
